Transformation in Motion

A New Chapter Begins at the Historic Inn

Construction has begun on the historic Inn at The Beeches, marking a major milestone for Nascentia Neighborhood. The project will bring new life to the long-vacant Inn while creating 48 affordable apartments within Nascentia Neighborhood. Designed for adults 60 and older, this independent living project will offer residents the opportunity to age in place while maintaining an active lifestyle.

The project will preserve the Inn's historic character while adapting it to meet modern housing and energy-efficiency standards.

Construction is expected to continue for approximately 19 months, with leasing anticipated in 2027.

Legacy of the Beeches

A Quiet Corner of History at Beeches Manor

The beautifully restored Library at Beeches Manor is a warm and inviting place to relax, gather, or hold a meeting. Accessed through the Board Room, the Library offers views of the Manor's lawn and pool house, with historic volumes lining the room's original woodwork. The inscription above the fireplace, "It can't be done—but here it is," stands as a testament to Frank Potter's determination and ingenuity.
